Guidelines for digital entries:

- E-mail entries to (jeff@rcreader.com), with the subject heading "Photo Contest." Because of computer viruses, e-mail without "Photo Contest" as the subject will be discarded without being looked at.
- Images should be saved in the .jpg or .tif format.
- For printing purposes, please make sure that the resolution of photographs submitted digitally is high enough. For an image five inches wide by six inches tall, for example, we recommend a resolution of no smaller than 300 dots per inch.
