Washington, DC – Today, Congressman Bruce Braley (*IA-01*) released the following statement after officials reported that an Iowa National Guard soldier from Dubuque was injured by accidental gunfire in Afghanistan:

“My thoughts and prayers go out to Cody and his family – and I know we’re all pulling for him as he begins his recovery at Fort Sam Houston in Texas. This has been an incredibly difficult month for all Iowans and the entire National Guard family. My heart is with all these brave young men and women and their loved ones.”

Three Iowans have been killed this month in Afghanistan.
