Van Nuys, CA -- The crowd was electric and in a celebratory mood on June 16 when more than 500 volunteers

descended on the California National Guard Armory in Van Nuys to assemble the 800,000th Operation Gratitude Care Package.

The Milestone package, which will be delivered to a service member currently deployed in harm's way, includes the keys to a custom built "American Chopper" donated by [Torque Sports and Performance, Inc.](#) and the SJO Foundation for Hope.

"Our troops face separation from home and loved ones while they are deployed so Torque Sports and Performance wanted to do something special to let all our Military know we appreciate their sacrifice," said Scott James, President and CEO of Torque Sports and Performance. "We contacted our friends at [Orange Country Choppers](#), a brand that is synonymous with American ingenuity and quality, and they agreed to build a custom chopper for us to give away for a special occasion."

The perfect special occasion turned out to be the shipment of Operation Gratitude's 800,000th care package. James and business partner Scott Templeton were present at the armory to make the announcement about the gift Chopper, which will be revealed and presented to the
