Friends this is a message that I never wanted to have to write, but today the time has come to be h

Candidate Obama promises to reduce America's resources on Afghanistan. But by the time President

The President just threw some more troops into Afghanistan to fulfill his campaign promise and then just forgot about them. He didn't want to appear soft on terror, he didn't want to admit that he intended to ignore our troops, but that's what's been happening.

When was the last time you heard any politician talk about the importance of supporting our troops and defeating the terrorists? They are few and far between.

Our responsibility is to keep the faith, to continue serving our troops and supporting them until their mission is complete and they can all come home! We sent them over there so now it's our duty to help them finish the job - so sponsor a MAF care package today and send some much needed support to our soldiers, marines, airmen, sailors and guardsmen serving over in Afghanistan.

SOLDIER LAMENTS: "NO ONE REALLY CARES. ALL THE 'SUPPORT THE TROOPS' STUFF IS BUMPER STICKER DEEP"

As much as we have worked hard to try to help our troops feel appreciated and supported while deployed overseas, we're not doing enough! Too many of our troops feel that Americans don't care about the mission or the men and women sacrificing for it!

"We're bored with it," said Matthew Farwell, who served in the U.S. Army for five years including 1

"We all laugh about how no one really cares," he said. "All the 'support the troops' stuff is bumper sticker

Never before in our nation's history have we as a nation put almost 12 years of time, effort,

money, and most precious of all, American lives lost, into an effort like this conflict in Afghanistan. And yet, here today, we've lost the energy and fervor with which we supported our troops before. They noticed.

We must do better. We can't let this be OUR legacy as a generation. When this war began, and the anti-war protesters took to the streets, we stood by our troops, we got our American flags out and rallied to support the troops in the streets because we wanted to show the world that this would not be a repeat of the shameful way Americans treated their troops during Vietnam.

We didn't want the War on Terror to end up being a repeat of that sad chapter in American history. Now we're in danger of allowing that to happen to our troops in Afghanistan. We must show our support to correct this trend immediately!

DON'T LET OUR TROOPS FEEL FORGOTTEN ANYMORE! WE NEED TO SEND A SURGE OF SUPPORT TO REMIND OUR TROOPS THAT WE STILL SUPPORT THEM!

Each care package comes with tons of goodies that our troops love and appreciate, from coffee and cookies to beef jerky and gatorade. Our care packages have the comfort foods they need and personal care items like deodorant, sunblock, wet wipes and lip balm that help them deal with the tough environment!

SPONSORING A MAF CARE PACKAGE IS AN EASY, AFFORDABLE, AND TAX-DEDUCTIBLE WAY TO SHOW THE TROOPS THAT YOU CARE!
