About Us: My great-grandfather opened Al VanCamp Agency in Davenport in the early 1900's and my grandfather continued to run the family insurance business until the early 2000's. I always had a desire to start the family business back up, so after much research, education and licensing, I opened VC Insurance in August 2012.

We're a small, independent agency owned and operated out of Davenport, IA and we offer home, auto, business (commercial) and life insurance throughout all of Iowa and Illinois. Because we're an independent agency, we work with multiple insurance carriers (currently up to about 50 different carriers) to offer our clients a diverse choice in their search for the right insurance. We are also a Trusted Choice Independent Agency through The Big I.

Mission Statement: VC Insurance is dedicated to serving the greater Quad City Area by providing financial and insurance services, as well as educating our clients about what their insurance means to them and how valuable it truly is. VC Insurance strives to be a reputable insurance agency that cares about their clients on a personal level rather than thinking of them as simply a policy number. We are reinventing the way you experience insurance and are bringing back the personal touch that has been lost by most of the bigger companies. Forming relationships and proper care of our clients is a family tradition that we plan on continuing.

Our website is www.vc-insurance.com and we also have a Facebook account at www.facebook.com/VCInsurance
