If you've been watching NBC at all this week, it's been hard to miss - Education Nation! This nationally broadcast, in-depth conversation about improving education in America is exploring our educational "ecosystem", where 68% of eighth-graders can't read at grade level, one-third drop out of high school, and another third aren't college-ready when they graduate. Education Nation's mission is to gather parents, teachers, and students with leaders in politics, business, and technology for enlightened discussion of potential solutions in education. As you take in the thought-provoking coverage of Education Nation this week, consider exploring the educational options available in your community!

Rivermont Collegiate is the Quad Cities' only private, independent, nonsectarian college preparatory school, serving preschool through twelfth grade. As an independent school, Rivermont offers faculty the freedom to create education experiences that meet individual student needs, with vast options in choosing curriculum. 100% of Rivermont graduates are accepted to four-year colleges and universities, with over 90% earning four-year renewable merit scholarships (\$1.4 million in 2009). Our close-knit school community creates a supportive learning environment that nurtures individuality and curiosity, while encouraging students to express ideas, share perspectives, and think critically.

Join us for Open Tours the first Tuesday of every month to explore the Rivermont approach to learning! The next **Open Tour** will be held **Tuesday, October 5th from 8:30-10:00 a.m.** No appointment necessary! Drop in to explore our philosophy and curriculum, take a tour of campus, see our teachers in action, and get answers to all your questions about Rivermont.
