ATLANTA, GA (06/01/2012)(readMedia)-- [Kendra Maxwell](#) of Davenport, IA, has earned a degree in Chemical Engineering from the Georgia Institute of Technology in Atlanta.

Kendra was among approximately 2,500 undergraduate and graduate students who received degrees during Georgia Tech's 242nd commencement exercises.

The Georgia Institute of Technology is one of the nation's leading research universities, providing a focused, technologically based education to more than 20,000 undergraduate and graduate students. Georgia Tech has many nationally recognized programs, all top ranked by peers and publications alike, and is ranked in the nation's top ten public universities by *U.S. News and World Report*.

As a leading technological university, Georgia Tech has more than 100 interdisciplinary research centers operating through the Colleges of Architecture, Computing, Management, Engineering, Sciences and the Ivan Allen College of Liberal Arts that consistently contribute vital research and innovation to American government, industry and business.
