**Calling all Junior Scientists!** New this year, our Putnam Explorers Jr. program will take your young scientist on an adventure in science through stories, songs and exciting hands-on activities that are sure to spark curiosity and imagination. Each month we'll dabble in a different dimension to bring science to life with engaging experiments, fun activities, games and fun surprises!

Putnam Explorers Jr. is a once-a-month science club for kids **Pre-K through 1st Grade** (must be age 4 by September 30, 2012). We'll meet one Saturday each month from 9 – 10:30 a.m., October through April.

Purchase the fall season package of three classes for \$22 (\$15/Putnam Members) or the spring season package of four classes for \$28 (\$20/Putnam Members). Individual class sessions may be purchased for \$8 (\$6/Putnam Members). For more information or to register, call [563-324-1054 ext. 266](tel:563-324-1054).

### FALL SEASON

#### **October 6: Weather Workx Jr.**

It's not your typical forecast! Get ready to twist, rumble and get wet as learn all about how weather workx in our world.

#### **November 3: Animation Exploration Jr.**

Cartoons are cool! Learn how artists make our favorite animated shows and movies come alive with their talents in both science and art – and of course make your own piece too!

#### **December 1: The Element of FUN Jr.**

---

We're wearing lab coats and safety glasses because this good time is not magic-It's science! Potions that change color, gel that flows UP... anything can happen in this laboratory of FUN!

### **SPRING SEASON**

#### **January 5: Build it Bash! Jr.**

We hope you join this engineering party! Building is great – but this party is also about the BASH. Learn how the things we build can be strong – or not – with lots of hands on fun!

#### **February 2: Blast Off! Jr.**

Come to our out-of-this-world workshop today and explore space. We'll rocket through the morning with exciting activities about planets, our universe and of course, rockets!

#### **March 2: The Universe Within! Jr.**

Your body is an amazing machine! Discover what we look like on the inside and how doctors and others help keep us healthy.

#### **April 6: Eggstravaganza Jr.**

Join us for tons of fun with this symbol of new life and spring. Egg anatomy, eggs-periments, and eggy creations. It'll be an eggs-ellent adventure!

###
