The scholarships are awarded based on academics, extracurricular activities including work and community service, and leadership experience. The applicants essays on career goals and why they are interested in the STEM field rounded out how these applications are evaluated. High school seniors from Henry, Mercer, Rock Island, and Whiteside counties in Illinois; and Clinton Louisa, Muscatine, and Scott counties in Iowa are eligible to apply.

The Quad City Engineering and Science Council (QCESC) is an umbrella organization representing 36 technical societies in the Quad City region with approximately 5,000 associated members. The QCESC is non-profit organized in 1963. Its mission is to Promote and support engineering, science, and technical professionals and associated societies in the Quad City Region and to also support and encourage students in the Quad City Region to study in STEM (Science, Technology, Engineering, and Mathematics) related fields.
