On Thursday, August 1st, Harrison Street will have one lane closed for city crews to add parking on the west side of the street between 18th and 5th Street.

The work is expected to be finished by the end of the day and the changes to the street will be in effect upon completion.

Please use extra caution when traveling along Harrison Street and follow the signage indicating when to merge at or before 18th Street, one block south of Locust Street.
