The City of Davenport and Hargreaves Associates will host an open workshop on Thursday March 13, 2014. Two different sessions will be offered – The first at Noon at the Hotel Blackhawk (200 E 3rd Street, Davenport, IA) in the Gold Room and the second at 5:30PM for “Happy Hour” at the Freight House (421 W River Drive, Davenport, IA) in the Community Room, with the Workshop program beginning at 6PM.

The Hargreaves-led team returns to Davenport for meetings and public input related to the downtown Davenport riverfront. The scope of RiverVision 2014 encompasses a larger area (Fifth, to the north, and from Iowa St to Warren St), reinforcing connections to Credit Island, north to Vanderveer Park, and above the Lock & Dam, providing the City of Davenport with an opportunity to further transform the central riverfront from parking to public space.

High public attendance is anticipated for this third Workshop in a series of four, and will involve a discussion of possibilities for transforming the riverfront, with public input instrumental to shaping anticipated changes.

The public is encouraged to attend!
