On Saturday, April 14 the Wapsi River Environmental Education Center will host a wildflower hike at 10:00 A.M. Spring has sprung early in the woodlands of the Wapsi River Center! Join naturalist, Mike Granger, for a hike to identify some spectacular botanical sights like rue anemone, hepatica, Dutchman's breeches, Jacob's ladder, spring beauty, dog tooth violet and many more. Consider bringing a camera to capture these woodland wildflowers at their "springiest".

The Wapsi River Environmental Education Center can be found 6 miles south of Wheatland or 1 mile northwest of Dixon, Iowa by taking County Road Y4E. Then turn north at 52nd Avenue and follow the signs for about 1 mile.
