Dear Arts/Culture/Heritage Presenter,

Experience Quad Cities and Quad City Presenters are collaborating on a very important research project to collect data on the vitality and economic impact of the artistic, cultural and heritage organizations in the Quad Cities. Your participation in this project is key to its success -- because evidence of a community with a strong arts, culture and heritage scene contributes to economic development as well as the ability to attract both visitors and new residents to the area. Please [click here](#) to access our survey. Because your input is important, please complete this questionnaire within two weeks of receiving it. Thank you in advance for taking the time to provide us with this information. If you have any questions regarding the survey, please feel free to call Doug at [309.794-7426](tel:309.794-7426) .

Sincerely,

Douglas Tschopp
Quad City Presenters
