Moline, IL...State Representative Rich Morthland (R-Cordova) will be delivering a truckload of electronics to recycle at Self-Help Enterprises in Sterling, IL. Recently, Self-Help opened its recycling center to handle electronic waste and electronic devices.

“As a generational farmer, I take a conservative approach to our environment. On the farm little is wasted, much is re-used. My hope today is to set example in our communities by recycling ‘e-waste’ that might otherwise be thrown away,” Morthland stated. “We have a long-term commitment to leaving our world a cleaner place for our children and their children.”

Rep. Morthland will be dropping off a truckload of “e-waste” at Self-Help Enterprises, 2300 West LeFevre Road, Sterling, IL 61081 on Monday, April 16 at 11AM. Rep. Morthland will be available for press inquiries.
