Would you like to have more fun parenting?

Would you like to feel more relaxed at the end of the day?

Parents will learn to:

- Show their tots that whining and arguing do not pay.
- Put an end to misbehavior in public.
- Smooth out mornings and bedtimes.

- Take the battle out of meal times, tooth brushing, bathing, etc

- Teach respect, responsibility, and self-discipline.

- And much, much more!

On a personal note: My husband, Dane, and I participated in this class when it was offered in 2007 and it really improved our confidence as parents and taught us patience which relieved so much of the stress involved in parenting. It also taught us how to be disciplinarians without being 'the bad guys' as it's based off of natural consequences. It's like a mental chess game with kids and it's your time to win, stress free!

See attached registration form.
