Locally-owned garden center has new look for weekend celebration of Earth Day 2013

COAL VALLEY, IL – Corn Crib Nursery, a local, family-owned garden center, will premiere an updated shopping experience by welcoming area families to celebrate Earth Day weekend at an open house April 20th and 21st.

Located just two miles south of Quad City International Airport at 6924 Route 150 in Coal Valley, IL, Corn Crib Nursery will host the event Saturday, April 20th from 9:00 am to 6:00 pm, and Sunday, April 21st from 10:00 am to 4:00 pm.

In celebration of Earth Day, events will be scheduled both days to help Quad City Area residents learn about new plant varieties and tips for starting and maintaining a garden. The kids' area will discuss "How My Garden Grows" with the opportunity for children to make and take home a free starter tomato plant. Full event details are available at www.corncribnursery.com

The updated shopping experience throughout the full-service garden center will make it easier for customers to get everything they need for their gardening projects while still enjoying the same level of knowledge from the experienced staff. Also, a unique selection of gifts and décor as well as the complete line of Primo Grills and Smokers will be featured.

Corn Crib Nursery began in 1972 as a seasonal, open-air market and sod farm. In 1980, the

Corn Crib Nursery Marks Grand Re-Opening, Earth Day Weekend April 20-21
