The Disabled American Veterans transportation program is in urgent need of voluntary drivers to drive the local DAV van. The DAV van carries veterans to the Iowa City VA Medical Center for medical appointments and compensation examinations.

The drivers can expect to spend the entire day performing this volunteer service. Many drivers have told our people that it is a very rewarding and enjoyable experience.

People who would consider volunteering should know that the van is a 12 passenger vehicle that is maintained by the Veterans Administration and is replaced every two years to ensure the safety of the equipment and the passengers.

Interested people should call the QC Chapter at 563-391-1760 or 563-386-3533 to volunteer or learn more about our program.
