Washington, D.C. – Congressman Dave Loebsack announced today that Community Health Care, Inc. in Davenport will receive a \$38,750 grant from the Department of Health and Human Services' Immediate Facility Improvements Program.

“Iowa’s doctors are second to none in the quality of health care they provide,” said Loebsack. “These funds will help upgrade the facility at Davenport Community Health Care to ensure the health care professionals can continue to offer the highest quality of care. Community health centers play a vital role in towns across Iowa and I am excited the improvements that will be made in Davenport.”

Last Fall, Loebsack toured Davenport Community Health Care, which serves all of the Quad Cities and is in the process of expanding to Clinton.
