American Teacher is the feature-length documentary produced and directed by Academy Award-winning filmmaker Vanessa Roth; produced by Ninive Calegari, co-founder of the literacy nonprofit 826 National, and bestselling author Dave Eggers; and narrated by Academy Award-winner Matt Damon. American Teacher chronicles the stories of four teachers - Erik Benner, Jonathan Dearman, Jamie Fidler, and Rhena Jasey - who live and work in disparate urban and rural areas of the country. By following these teachers as they reach different milestones in their careers, the film tell the deeper story of the teaching profession in America today. The film shows us the experience of these four young teachers as they recognize the importance of what they do, and how much they love what they do, but have to ask themselves: Can I afford to continue to teach?
