(DAVENPORT- IA) River Roots Live, the Quad Cities premiere music festival, is excited to announce the 2013 lineup featuring headliners The Wallflowers, Shooter Jennings, BoDeans and Vintage Trouble. As always, Ribfest rib vendors from across the country will be serving up delicious barbeque throughout the weekend, too.

River Roots Live will be held on Friday, Aug. 16 and Saturday, Aug. 17 in Davenport's LeClaire Park on the banks of the beautiful Mississippi River. The festival is free both nights before 5 p.m. and admission is only \$5 after 5 p.m.

Additional outstanding national acts fill out the festival including The Big Wu, Miles Nielsen & The Rusted Hearts, The Dead Leaves Travelin' Band, David Mayfield Parade, Jessica Hernandez and the Deltas, Chicago Farmer, Old Shoe, Magic Box, and OSG. The Quad Cities' own talent will also be on display when The Multiple Cat, Frank F. Sidney's Western Bandit Volunteers, and Busted Chandeliers take the stage. One additional band will be announced soon for Friday's lineup.

Grammy Award winners and Americana icons, The Wallflowers, headline Saturday night. The

band formed in 1990, and since then has made quite an impact in the music world. The Wallflowers album, *Bringing Down the Horse*, released in 1996, became a certified quadruple platinum by the RIAA. Their huge singles including *One Headlight*, *6th Avenue Heartache*, *Three Marlenas*, and *The Difference* remain staples of radio stations across the U.S. With their brand new album *Glad All Over* under their belt and some time on the road including a tour with *Counting Crows*, *Jakob Dylan* and the boys will be ready to make Saturday night, a night to remember.

Friday's co-headliner, *Shooter Jennings*, debuted on the music scene with his album *Put The O Back In Country* in 2006 and from then on has had a style and vision all his own. In 2008, he formed his own brand and record label, *Black Country Rock*. Shooter can also be heard as a DJ on *SiriusXM's Outlaw Country* channel.

BoDeans will also be headlining on Friday night. Founder of *BoDeans*, *Kurt Neumann*, classifies his band as "a truly American Band" or in other words, blues, rock, country and soul all in one sound. In the *BoDeans* most recent album, *American Made*, listeners can find a rendition of *Bruce Springsteen's "I'm on Fire"*. *John Alagia*, who has produced music for *Dave Matthews* and *John Mayer*, produced and mixed *American Made*.

Fresh off their tours with *The Who* and *The Rolling Stones*, *Vintage Trouble* will take the stage Saturday night! This band will blow crowds away with their self described "Live-wired, straight-shootin, dirty-mouth'd, pelvis-pushing juke music." This is a must-see show! The band has toured all over the world, received the *Classic Rock Award* for "Best New Band of 2011" and also has recorded an *MTV The Studio Sessions* with *Tony Visconti*. *Vintage Trouble* has performed on *The Late Show* with *David Letterman*, *The Tonight Show* with *Jay Leno*, *Conan* and also *Jimmy Kimmel Live*.

It wouldn't be *River Roots Live* without *Ribfest BBQ*! This isn't your neighbor burning some hotdogs and calling it *BBQ*. Our vendors travel the nation and represent the top tier of professional *BBQ* cooks in the United States. So loosen your belt, and we suggest trying every single one of 'em throughout the weekend.

The *West Music Jr. Jam Tent* returns to offer fun educational workshops for kids and performances from the *River Music Experience's Rock Camp* bands.
