Dubuque, IA – Today, Rep. Bruce Braley (IA-01) received the 2012 Fueling Growth Award from Growth Energy, who represents 79 ethanol producing plants, dozens of associate members, and thousands of grassroots supporters across the nation. Jim Nussle, former Congressman from Iowa's First District, is the President and COO of Growth Energy.

This award is the highest honor presented to congressional leaders who support ethanol – America's home-grown, renewable fuel.
