- [Discount - Adobe InCopy CS5.5](#)

Join us this summer at Iowa State University Extension and Outreach, Scott County as we explore the amazing world of insects in "Insectaganza!" our 4-H Clover Kids summer program. Youth ages five through nine will closely investigate insects such as crickets, butterflies and ladybugs to learn how they communicate, eat, grow, and survive in their natural habitats. Please note that 5 year olds must have completed kindergarten during the 2012-2013 school year.

Registration is on a first come, first served basis. Families can chose from a Monday group OR a Wednesday group. Both groups will meet from 1:00 p.m.-3:00 p.m. for eight weeks beginning the week of June 10, 2013. The program costs \$10.00 for new 4-H Clover Kids. For more information and to print the registration forms visit <http://www.extension.iastate.edu/scott> or contact Jodi at (563) 359-7577 or [jmbecker@iastate.edu](mailto:jmbecker@iastate.edu).
