The Clubhouse Indoor Golf & Lounge (The Clubhouse) celebrates its grand opening on Friday, June 24. Patrons who have never played an aboutGolf PGA TOUR Simulator can enjoy a free 30-minute simulator session through June 26.

Founders Chris Larson and AJ Paul played in a winter golf league at a friend's home using an aboutGolf Simulator. It was there that the idea for The Clubhouse was born.

"We wanted to offer the same type of entertainment and golf destination we had to the entire community," says Larson, Ownership Partner of The Clubhouse and World Top 100 Clubfitter since 2008.

The Clubhouse features four widescreen PGA TOUR Simulators by aboutGolf, as well as a full bar, comfortable lounge and pro shop. Patrons can participate in nightly and weekly closest-to-the-pin contests to win prizes such as a custom fit KZG wedge.

The 7,700-square-foot facility provides an opportunity for game improvement with its PGA TOUR Simulators, aG Balance weight transfer analysis system, clinics and lessons, club repair shop and custom fittings.
