Davenport, IA –The American Cancer Society has selected Joe Seier to serve as honorary survivor for this year's Relay For Life® of Scott County.

Joe's battle against colon cancer began after a hiking trip in Colorado Springs the summer of 2010 turned out to be the expedition that would save his life. Seier, age 54, had journeyed more the trails more than seven times before but this trip's climb was different. Increasing fatigue, caused by anemia and internal bleeding was the result of a tennis-ball sized tumor in his colon. Joe returned to Davenport to have the tumor removed and began a 12-treatment regimen of chemotherapy. The surgeon admits that if Seier had waited six months, he most likely would not have survived.

Joe's sharing his success story and the importance of supporting organizations like the American Cancer Society and Relay for Life. Seier will kick off our survivor and caregiver events held at 6 p.m. at the River Center in Downtown Davenport on April 20.

"Here in Scott County, funds raised by our Relay For Life event are making an impact on so many lives" said Seier. "From making possible the vital American Cancer Society programs and services that support those in our community facing a diagnosis, to life-changing cancer research and medical discovery, to advocacy for access to quality health care for everyone affected by cancer, the money raised through Relay For Life of Scott County is helping further the vision of a world with less cancer and more birthdays."

Local Colon Cancer Survivor, Joe Seier, to Serve as Honorary Chair for the American Cancer Society Relay

To participate or for more information, please call event co-chairs, Emily Shenk-DeMay (563) 349-0706 or Natalie Johansen (402) 301-6267. Additional event details, ceremony and entertainment schedules can be found online at: RelayForLife.org/scottcountya

The American Cancer Society combines an unyielding passion with nearly a century of experience to save lives and end suffering from cancer. As a global grassroots force of more than three million volunteers, we fight for every birthday threatened by every cancer in every community. We save lives by helping people stay well by preventing cancer or detecting it early; by helping people get well by being there for them during and after a cancer diagnosis; by finding cures through investment in groundbreaking discovery; and by fighting back by rallying lawmakers to pass laws to defeat cancer and by rallying communities worldwide to join the fight. To learn more about us or to get help, call us anytime, day or night, at 1-800-227-2345 or visit cancer.org.
