Announcing new changes for doeGALLERY! After 4 years, doeGALLERY is expanding! Emily Christenson is moving down the hall to her own studio space: e|c, Suite 205 @ the Bucktown Center for the Arts.

This November's FINAL FRIDAY will be the grand opening of her new space and her new exhibition: Rivers and Rain, Pieces of Denali new paintings by Emily Christenson.

Exhibition runs November 23rd until December 31st, 2009.

"This exhibition features 11 works started in the rain or water in Denali National Park and Healy, Alaska in the Spring of 2008. This series focuses on my impressions of the uniqueness of the landscape in and around Denali National Park," says Christenson.

Please join us for this special Reception and Studio Grand Opening on Friday, November 27, 2009 from 6pm until 9pm.
