A space where theater practitioners can come to organize, workshop, showcase and interact.

When: Friday, May 27 and Saturday, May 28, 7pm until 9pm

Where: 421 Brady Street, 3rd Floor, Davenport

What: Complimentary hors d'oeuvres, tours of the space, revolving presentations of the original performance art: "A Scenic Place," on-site art creation, displays of artwork by local artists for sale, opportunities to meet and speak with the artists involved.

Ticket price: \$5 per person.

Join the Internet Players as we unveil our new space on April 29th and 30th from 7:00 - 9:00pm! A performance has been developed by QC native Tom Awad especially for this event, entitled "A Scenic Place" which combines live action, music and installation art. It will be performed multiple times with the characters aging throughout the evening. The show will make audiences reflective of their own lives and allow them to make personal connections to the performance.

Grand Opening of The Internet Players' Gallery Theatre & Studio

Local artists such as Tony Carter and Liz Davenport will have their artwork on display and for sale throughout multiple rooms. Also, guided tours of the space with details on the future functions of The Internet Players' Studio will be available, as well as information on upcoming productions, workshops and events put on by the organization. Please stop by throughout the evening for thought provoking performances, intriguing artwork and good company.
