A story of passion, jealousy, obsession and death, Carmen is the timeless tale of a feisty gypsy involved in a fated love-triangle, set to the unforgettable music of Bizet, Deanna Carter breathes new life into this classic story with all new, contemporary choreography. Sleek costumes with an unexpected set design and spectacular lighting help set the stage for an emotionally charged performance.

Also featured in this performance is Delicatessen with choreography by Bettendorf native Lynn Andrews. This piece has been described as witty, exuberant, and sassy.
